The Latin text quoted on the preceding page has introduced Bowdoin's Commencement Program since August 21, 1822. The names of the twenty-four graduates of the Class of 1822 were, for the most part, also translated into Latin for the program. In the early years of the College, each graduating senior was required to deliver a Commencement "part," an oration on ancient or modern topics, which was frequently given in one of the classical languages, Latin, Greek, or Hebrew. The final Latin oration was given in 1893, but the tradition of Latin survives in the language used to dedicate the Commencement Exercises and to confer the bachelor of arts degree. The translation below was provided by Jennifer Clarke Kosak, Associate Professor of Classics.

He entered the field of real estate and established himself as a leader at the national real estate development firm of Spaulding & Slye Company, where he served as president, chairman, and CEO. He served on the governing boards of the College under three presidents, was elected an overseer in 1988 and a trustee in 1996, and served as chair of the Board from 2005–2010. Peter's service on trustee committees tracks important changes at Bowdoin, from the implementation of investment strategies to the construction and renovation of facilities, from the creation of a new residential life program to expansion of the student body and faculty; and from growth in annual giving programs to the completion of successful capital campaigns. Five generations of Small's family have attended Bowdoin, including a son, Benjamin, and a daughter, Elizabeth. A member of the 2014–15 Presidential Search Committee, Small established the Peter Metcalf Small Scholarship Fund at Bowdoin in 1986 and the Peter M. Small Professorship in 2007.

DARREN WALKER, D c fH a eLe e (LHD)

Darren Walker followed a remarkable career and personal journey to become president of the Ford Foundation. Born in Louisiana and raised by a single mother in Texas, he graduated from the University of Texas in 1982 with a BA in government and a BS in speech communication. He earned a JD at the University of Texas School of Law in 1986 and began working at the law firm Cleary, Gottlieb, Steen & Hamilton. In 1988, he joined Union Bank of Switzerland and spent seven years in its capital markets division. In 1995, he left the corporate world and volunteered for a year in a school in Harlem. He went on to become CEO at the Harlem-based Abyssinian Development Corporation, which created the first public school in New York City built by a community organization. From 2002–2010, he was vice president for foundation initiatives at the Rockefeller Foundation; in the wake of Hurricane Katrina, he led a recovery program for the Foundation. He joined the Ford Foundation in 2010 and was named president in 2013. He is a fellow of the Institute of Urban Design, a member of the Council on Foreign Relations, and serves on many boards, including the Arcus Foundation, Rockefeller Philanthropy Advisors, and the New York City Ballet.
